

"ONE NIGHT WITHOUT A HOME"

OCTOBER 20, 2006.
ST THOMAS USVI

God's House International Inc. has organized this event to bring attention to the issues surrounding homelessness. We will spend one night living on the streets of St. Thomas as a homeless person would in order to feel a small bit of what it's like to be homeless. We will gather in Emancipation Garden at 9 pm, have a brief overview of the event and proceed from there. "One Night Without a Home" is a prelude to "The Faces of Homelessness", St. Thomas USVI which will be held during National Hunger and Homeless Awareness Week on November 12, 2006. The general public and all concerned with this malady are invited to participate.
